## Fixed Issues

### Virtua Server

#### Library of Congress

The following table details the fixed issues for this release.

ID	NetSuite	Fixed Issue Description
VIRTUA-24440	828517	When adding a new Serials shipping box for a participant, an error occurred when you clicked the Insert Items button on the Add/Update Box window. This is fixed. When you click Insert Items, the system now displays a list of titles.
VIRTUA-24467	836127	When adding a box with a type of Monographs, the Insert Box Title window sometimes failed to display all of the monographs expected for the participant. This is fixed.

### Ad Hoc Reporting

The following table details the fixed issues for this release.

ID	NetSuite	Fixed Issue Description
VIRTUA-24486	839486	LoC only: When you ran a query against the LOC_PARTICIPANT_INVOICE_V Ad Hoc view, the system failed to return results. This is fixed. Note that to apply this fix you must install 16.3 SP2 and then run the Cr_LOC_Ad_hoc.sh script.
